GULFSTREAM G550

Large cabin
Ultra long range

When your business is global and your schedule is unrelenting, this aircraft will take you from Manchester to Los Angeles, or Moscow to Singapore. The G550 is the world's best-selling intercontinental business jet. It has a cruising altitude of 51,000 feet and a range of 7,400 miles. The 40-foot-long cabin is configured for multiple flying conferences—the oversized windows bathe the cabin in natural light. Its cabin is pressurized to 6,000 feet and the air is completely refreshed every 120 seconds. With a NetJets flight attendant and a full galley, this is your office away from the office.
